

# Patryk Grund

## Fullstack Developer

---

### About me

Fullstack developer still at the beginning of the journey. Beside coding I love sports and walking out into nature. I am an easy-going person and I'm confident I can be a valuable asset for your team.

---

### EDUCATION:

OCT 2019 - JUN 2022  
ECONOMIC UNIVERSITY IN  
WROCŁAW  
B. SC. BUSINESS IT

---

### JOB EXPERIENCE:

#### Travcorp Poland / Application Support

DEC 2022 - CURRENT, KATOWICE

Working in a team which was helping detecting and reporting code bugs in the product. Dealt with API payloads, DataDog, Chrome Dev Tools, Figma, Postman, CMS software, building small websites, developing a knowledge base in Confluence and basic frontend investigations.

#### UPS GBS Poland / Implementation and Design Specialist

MAR 2022 - DEC 2022, WROCŁAW

Helped and lead with IT project whose main goal was to implement API products into our clients environment. In this job I learned reading the XML and Rest API code in JS. I was building and investigating issues with API products.

#### IT Helpdesk Engineer

JAN 2019 - MAR 2022, OPOLE

Started my IT career in Helpdesk supporting English and German speaking clients. My task was to help with daily IT issues connected to the OS, User administration and client software issues.
